📍 Mumbai, india

🪪 PROFILE

A results-driven technologist with a dual specialization in end-to-end web development and data analysis. Possesses comprehensive skills to build, deploy, and manage applications, from creating responsive user interfaces with React and Next.js to engineering scalable back-end services and RESTful APIs with Node.js and Core Java. As a BI and Data Analyst, adept at using Microsoft Tools to derive insights and drive decision-making. Strategically utilizes **Artificial Intelligence** to accelerate development cycles and automate processes, enabling the capacity to single-handedly manage projects that would typically require a larger team.

🧠 SKILLS

DATA ANALYST	HTML , CSS	JAVASCRIPT	TYPESCRIPT	TAILWIND CSS,REACTJS
MONGODB	SUPABASE	NODEJS	MICROSOFT TOOLS	GIT & GITHUB
JAVA OR CORE JAVA	DATABASE MANAGEMENT			

📇 CERTIFICATES

- Internship Certificate 🔗
- Artificial Intelligence and Machine Learning with Prompt Engineering 🔗

📂 PROJECTS

Projects 🔗
Experienced in building robust, scalable web applications using modern front-end frameworks like React and Vite, with a strong foundation in TypeScript and JavaScript. Skilled in creating intuitive, responsive UIs and efficient back-end services. Proficient in RESTful APIs, database management, and server-side technologies, with a passion for clean code and performance optimization. Collaborative team player with a knack for problem-solving and continuous learning.

🎓 EDUCATION

06/2023 – 06/2026 Mumbai, India	**BSC IT** *Mumbai University* I'm currently pursuing a **Bachelor of Science in Information Technology (BSc IT)** from **Shree L.R. Tiwari College of Engineering**. Through this program, I'm gaining a solid foundation in programming, web development, databases, networking, and software engineering principles. Alongside my coursework, I actively work on personal and collaborative projects to apply what I learn and stay updated with the latest trends in frontend development.
